

Broughton Lodge Newsletter!

March 2017

It's been a busy few months with lots happening at the home since the start of the year..

Activities & Entertainment (and Easter..)

Tony & Louise continue to come to the home every fortnight to entertain our residents with their singing and games.

Additionally, ball games with the carers, the new smart tablet and a visiting pat dog have all been keeping our residents entertained.

We have a surprise planned for all our residents this Easter.. So you'll have to wait until the Easter Party to find out what that is!..

Staff

We welcome Christine & Bradley as our new Kitchen Team. Christine has lots of catering experience and has already won the hearts and minds of our residents (and staff) with her fresh home cooked meals. Bradley is one of our youngest members of staff and is confidently keeping pace with Christine.

A refreshed 4 week menu has been put in place and is being monitored to make sure everyone is happy with their meals.

We also welcome Chelsea & Katie as new carers into the home. Both have experience of working with the elderly in care homes and both have settled in to the team well.

Improvements

The front of the home now has a bit of colour added; we've put in new benches and flowers for the residents to enjoy as the Spring Season moves in. The rest of the front gardens will be improved soon as well.

Steve, our handyman has been working hard this year.. 2 rooms are in the process of being completely refurbished with new carpets and furniture put in. The rest of the home will undergo a refurbishment programme over the coming 18-24 months.

We will be asking the residents what they would like in terms of furnishings and we welcome your suggestions too.
